Vote on Election Day at the Polls

Election Day details

- Election Day is **Tuesday, November 4**. Polls are open from **7 a.m. to 8 p.m.**
 - If you are still in line when the polls close, stay there! You are still able to vote.
- On Election Day, you must vote at your assigned polling place.
- You do not need to bring anything if you are registered with your <u>current</u> name and address.
 - If you need to register or update your registration, you will need to bring a required proof of residence. See the *Guide to Registering on Election Day* page for a list of options.

Find your polling place

- Your polling place may have changed since the last time you voted! All voters should check their polling place location before heading to the polls.
- To avoid going to the wrong location, find where to vote at: pollfinder.sos.state.mn.us

Time off work to vote

Under Minnesota law, you have a right to take time off to vote without losing your pay, personal leave, or vacation time. Your employer cannot interfere with this right.

- This applies to in-person early voting as well as Election Day.
- Your employer must pay you for the time you need to vote if it falls within your scheduled work time.
- Take only as much time as you need to vote.

New assistive voting device

The ExpressVote is an assistive voting device that supports voters with marking their ballot. It is available to use during early voting and on Election Day citywide. The ExpressVote features the following:

- Options for larger text, high contrast colors, or both.
- Private blank screen option for blind or low vision voters.
- Review of selections before and after printing the ballot.
- Headphone connection to hear an audio ballot.

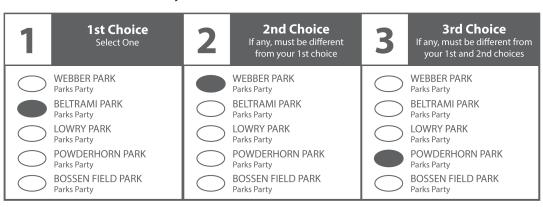

Ranked Choice Voting

In local election years, we use Ranked Choice Voting (RCV) for Minneapolis offices. RCV is a voting method where you vote for candidates in order of your preference: first choice, second choice and third choice.

How to mark your RCV ballot

- 1. Choose your top candidate. This is your first choice candidate and will be the vote that is considered first.
- 2. If you have a second choice (not required), you may select another candidate. This must be different than your first choice candidate.
- 3. If you have a third choice (not required), you may choose a final selection. This must be different than your first and second choices.

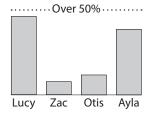

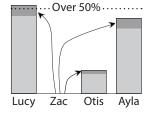

To learn more about RCV, visit <u>www.vote.</u> <u>minneapolismn.gov/ranked-choice-voting</u>

How is my vote counted?

1 Election officials count first-choice votes. If a candidate gets over 50%, they win. If not, ranked choice counting begins in step 2.

No candidate has over 50% of the first-choice votes. Counting continues in step 2. The candidate with the fewest votes is eliminated. Those votes transfer to each voter's second-choice candidate. If a candidate has over 50% of the vote, they win.

Zac's votes transfer to his voters' second choice candidates. Lucy is now the winner.

If necessary, the process in step 2 repeats until a candidate wins. In each round, the candidate(s) with the fewest votes is eliminated. Only then are votes transferred to each voter's next choice of candidate (if any).

What help can I get in the polling place?

Bring someone to assist you

- You can bring anyone to help you except an agent of your employer or union.
- Your assistant can help you through the entire voting process, including in the voting booth.
- Assistants can't influence how you vote or share how you vote with others.

Mark your ballot using the ballot marking device

- You can use a ballot marking device if you cannot or choose not to vote using a pen.
- It has a large print display, and Braille keypad and can read the ballot aloud with headphones.
- After you make your selections, the device fills in the choices you made.

Get help from poll workers

Poll workers are there to help you through the entire process of voting.

Vote from your car using "curbside voting"

- If you can't enter the poll because of mobility or illness, poll workers can bring your ballot out.
- After you mark your ballot, poll workers from two different major parties will bring your ballot inside and insert it into the ballot counter.

Access language translation and interpretation support

- We offer translated voting materials and prioritize hiring bilingual poll workers.
- You can also bring a bilingual assistant with you.
